At Coffeehouse Five, we roast the highest quality fair and direct trade coffees and bake our unique pastries and gourmet sandwiches in-house every day. But our mission doesn't end there. As a non-profit coffeehouse, all of our proceeds are used to strengthen our community.

We do that by using all profits to support our five initiatives for building stronger marriages and families:

- Free pre-marital counseling
- Free marriage counseling
- Free addiction recovery programs
- Free mentor couple training
- 10% of proceeds to other local non-profits

Stop by today for great coffee, pastries & sandwiches ...  
and a great cause!
